

A Heart for the Harvest

“He who goes out weeping, carrying seed to sow, will return with songs of joy, carrying sheaves with him” (Psalm 126:6).

Reaping the Harvest

My heart continues to rejoice! Seeing the fruit of our 10-year investment into Student Venture Kenya! Who would have imagined how the Lord would pour out His blessings!

My nephew, Caleb, (left) and Nick experiencing the harvest with me in Kenya and Tanzania!

Fred, Dorothy and little Abby with Mt. Comfort friends, Ruth, Becky and Stephanie shown here in Kenya.

Precious ministry partners and friends, Isaac and Tabitha, national directors of Kenya, who we partnered with to begin Student Venture 10 years ago.

We presented programs on academic excellence and relationships at 80 high schools, followed by a gospel invitation.

What a privilege to interact with these precious Muslim students, who were so open to hearing the gospel.

I presented my book *Chosen with a Mission* to each school where we spoke, and to all of the Life Ministry staff members and volunteers.

Children's Home for Orphans in Tanzania. They love Jesus!

More than 50,000 students and others heard the gospel, with more than 9,000 asking Jesus into their lives! New ministries were launched in Tanzania and Uganda, with young leaders raised up and trained. Please pray for my plans to go back in December to speak at several conferences (more info to come).

Celebrating the Harvest

New Beginnings Fellowship welcomed me with such love! Cakes representing Africa were served at a reception.

The Children's Ministry at NBF raised \$500 to purchase goats for a village affected by AIDS!

Precious friends, Pastor Dennis and Marcia, with my African gift for NBF.

I'm grateful for these women of God who bless me with prayer and financial support!

Don and Karen Jubel, my faithful friends and partners in St Louis, hosted a ministry celebration for me.

I had the joy of speaking at Christ Covenant Men's Retreat along with my new friend, Solomon Kendagar.

Sowing into the Harvest

Africa is seeing a mighty harvest! What about our beloved U.S.A? It's time to sow our tears for our land.

"If my people who are called by My name will humble themselves, and pray and seek My face, and turn from their wicked ways, then I will hear from heaven, and will forgive their sin and heal their land" (2 Chronicles 7:14).

I will be going to Washington D.C. for the www.summons2012.com to pray for our nation. You and your church can join in—"40 Days to Save America: a Season of Prayer, Fasting, and Action" (September 28-November 6)

Become a part of this national, interdenominational effort. For more information, visit www.40daysofprayer.net, www.40daystosaveamerica.com, or www.AmericanPrayerInitiative.org.

Preparing for the Harvest

In anticipation of all God is yet to do, I have been preparing some messages and training to share His beautiful love story (the gospel of Jesus Christ) for the nations! **Storywave Training** is ready to be launched! By God's grace, the training manual is ready along with the promo pieces! **I will be doing a training in St. Louis on November 16 and 17!**

I've just returned from ION conference (International Orality Network) where I did a workshop on Bible storying as Jesus did, using His creation to teach His Word. Next year's ION conference will be held in St. Louis!

Thank you for sending and supporting me in prayer and giving! I am forever in awe of Jesus and His love through you!

His Ambassador and yours, *Nancy*
